

## FISCAL NOTE

TO: Chief Clerk of the Senate  
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: March 22, 1995

SUBJECT: **SJR 110**

This resolution, if adopted, will designate April 1995 as *Rural Health Month* in the State of Tennessee in recognition of the special health care needs of our rural populations. The resolution provides that commissioners and heads of state agencies involved in health care shall take note of *Rural Health Month* by disseminating appropriate communications concerning rural health care to patients, clients, staff, employers and citizens-at-large.

The fiscal impact from adoption of this resolution is estimated to be an increase in state expenditures to the extent various agencies supply information and expend funds concerning rural health care which would not occur in the absence of the resolution. A reasonable estimate of the increase cannot be determined but is estimated not to be significant.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director
